Please Read and Sign Below * Generator Certification and Guarantee *

As the Generator of the Waste described above, I certify that I have provided all relevant information as required by this Profile, and that the information provided is, to the best of my knowledge, and believe, true, accurate and complete. Generator agrees not to deliver or arrange for delivery of any material that does not conform to the waste characterized above in this profile. I further certify that this material is not a RCRA hazardous waste pursuant to Federal, State, or Local Laws. The waste has not been mixed with any chlorinated solvents or any contaminants including, without limitation, PCBs, Pesticides or other hazardous wastes. If Water Integrated Treatment Systems LLC. (WITS) accepts the material for processing, and the material is later determined by WITS, or any other person to be, or contain hazardous waste within the meaning of any federal, state or local law or contain PCBs in sufficient quantity, to render it a TSCA regulated material the generator agrees to pay all costs incurred by WITS to properly treat, store, dispose or otherwise handle the material and any fines or penalties resulting from WITS handling of the generator's material. Generator agrees to promptly notify WITS of any change in the composition of the material or process generating the material, and agrees to provide WITS with a new Generator/ Certification Waste Profile prior to delivering new material to WITS. The undersigned is a authorized representative of the generator.
